Farnsfield Parish Council Accessibility Statement

This website is run by Farnsfield Parish Council. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the website text as simple as possible to understand.

How accessible is the website

We know some parts of this website are not fully accessible:

- you cannot modify the line height or spacing of text
- most older PDF documents are not fully accessible to screen reader software
- some of our online forms are difficult to navigate using just a keyboard

Feedback and contact information

If you need information on this website in a different format like accessible PDF, large print, easy read or audio recording:

Reporting accessibility problems with this website

We're always looking to improve the accessibility of this website. If you find any problems not listed on this page or think we're not meeting accessibility requirements, contact us via email at clerk@farnsfield-pc.uk

Enforcement procedure

The Equality and Human Rights Commission (EHRC) is responsible for enforcing the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 (the 'accessibility regulations'). If you're not happy with how we respond to your complaint, [contact the Equality Advisory and Support Service \(EASS\)](#).

Technical information about this website's accessibility

Farnsfield Parish Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

This website is partially compliant with the [Web Content Accessibility Guidelines version 2.1](#) AA standard, due to the non-compliances listed below.

Non accessible content

The content listed below is non-accessible for the following reasons.

Non-compliance with the accessibility regulations

WCAG 1.4.4 Resize Text

Text must be able to be resized up to 200 percent without loss of content or function. This is an issue for content contained within boxes. For example, the Parish Map.

WCAG 2.4.4 Link Purpose and 4.1.2 Name, Role, Value

Links must have discernible text. Not all link names are accessible by a screen reader and descriptive enough to inform a user of where that link will take them.

Content that's not within the scope of the accessibility regulations

Many of our older PDFs and Word documents do not meet accessibility standards, for example, they may not be structured so they're accessible to a screen reader. This does not meet WCAG 2.1 success criterion 4.1.2 (name, role value). Some of our PDFs are essential to providing our services. For example, we have PDFs containing maps. . We plan to either fix these or replace them with accessible HTML pages.

The accessibility regulations [do not require us to fix PDFs or other documents published before 23 September 2018](#) if they're not essential to providing our services.
